

Computer Club of WMU Presents

Web Application Security

Presented by:

Jay Ball

Assistant Director of Global Information Security
Ernst & Young

7pm Thursday 11/6
1720 Chem Building

Jay Ball, Internet Security Specialist, will be giving a presentation on web application security. If you have made or plan on making a website, this presentation is for you. Jay will teach you to reduce website vulnerabilities, perform attacks against your own website, and teach you how to best defend against attackers. Visit <http://www.ccowmu.org> to learn more.

* Ernst & Young in no way sponsors or is affiliated with the Computer Club of WMU
